

Are you ready to be a changemaker in the global transition towards a circular economy?

At the Circular Value Institute (CVI) we spearhead initiatives aimed at catalyzing the transition towards a circular economy while simultaneously raising awareness within the financial sector. The core of the CVI is the Circular Value Index, a method that revolutionizes how we evaluate the feasibility of circular business models, fostering alignment among investors, producers, and environmentally conscious building owners.

To increase and accelerate our impact, we are looking for:

Coördinator Circular Value Institute

Key Responsibilities:

- **Strategic Planning and Execution:** Develop and execute strategic plans to advance knowledge on circular value, driving collaboration among businesses, governments, and academics to establish CVI as a leader in circular economy CVI as a pioneer in circular economy expertise.
- **Partnership Development:** Identify and cultivate strategic partnerships worldwide, collaborating to promote circular value, expand CVI's network, and influence policymakers to support circular economy principles.
- **Business Development:** Lead efforts to onboard new partners, and collaborators, leveraging expertise to position CVI as a trusted advisor in circular value implementation, driving global growth.
- **Development and dissemination of tools and methods:** Create and merge digital solutions enabling partners to consolidate expertise, quantify, and track circular value.
- **Team Leadership and Development:** Build and mentor a high-performing team, fostering a culture of collaboration and innovation to empower transformative change in advancing CVI's mission.
- **Communication and Advocacy:** Devise and execute comprehensive communication strategies to raise awareness of CVI's initiatives, advocating for policies supporting circular economy principles to drive systemic change globally.

Qualifications:

- Master's degree in Business, Sustainability, Environmental Science, or a related field (Master's degree preferred).
- Proven track record of strategic leadership and business development in the sustainability sector.
- Strong understanding of circular economy principles and their application in business and policy contexts.
- Exceptional communication and interpersonal skills, with the ability to engage and influence stakeholders at all levels.
- Demonstrated ability to think creatively, problem-solve, and drive results in complex, ambiguous situations.
- Passion for driving positive change and creating sustainable impact on a global scale.

Why Join CVI:

At CVI, we're on a mission to accelerate the transition towards a circular economy and empower businesses to thrive sustainably. As the first member of our team, you'll have the opportunity to make a meaningful difference, collaborate with diverse stakeholders, and drive innovation at the forefront of circular value creation. Join us in shaping a brighter, more sustainable future for generations to come.

You will literally be in the driving seat of a global sustainable movement. This will utterly change the impact that you will create in your career. Together, we'll unlock new opportunities, drive transformative change, and build a more sustainable world for all. Apply now and be part of our mission to create lasting value for people, planet, and prosperity.
